ABOUT ME

Birthday: 11/11/2003
Live in: Da Nang

My Portfolio: https://portfolio-fe-orcin.vercel.app

Hi there! I am a Software Engineer with a strong foundation in web development, specializing in ReactJS and VueJS. I have experience participating in real-world projects, focusing on building scalable and user-friendly applications. Proficient in developing full-stack applications using the MERN stack (MongoDB, ExpressJS, ReactJS or VueJS, NodeJS), I am also knowledgeable in Git and software development best practices. I am proactive, possess strong problem-solving skills, and always eager to learn and improve.

EDUCATION

FPT Polytechnic Da Nang | 2021 – 2024
Major – Software Development
Languages: Java, C++
GPA: 7.4/10

- Bootstrap, Shadcn UI, Antd
- Responsive, Framer Motion

Language:
- English: Good reading comprehension of technical documents

Backend:
- NodeJS, ExpressJS
- JWT, REST APIs

Database:
- Mongodb, Firebase
- MySQL, PostgreSQL

Tool:
- Git, GitHub
- Figma, Canva, Adobe XD
- ClickUp, Trello

EXPERIENCE

Madison Technologies | Jul 2024 – Nov 2024   See certificate
Frontend Developer

- Trained in programming skills technologies such as VueJS, TailwindCSS, Firebase, Git
- Implemented interfaces based on UI/UX designer files on Figma using Tailwind CSS, and Shadcn UI
- Collaborated with the BA team to analyze project requirements, propose solutions, divide tasks, and estimate completion times
- Worked closely with other teams, such as backend, mobile, and design, to address challenges and ensure the best and fastest project development
- Operated within an Agile Scrum workflow, participating in daily stand-ups, sprint planning, and retrospectives
- Participated in the development of the MOVE project, building the front-end functionalities of the application

---

PROJECTS

MOVE APP   Link Demo
Overview: Source code

- This is an online video viewing website on the topic of sports, instructions on yoga, gym, and gymnastics at home. For both viewers and video creators
- Member: 15
- Time: 12 weeks
- Role: Frontend Developer | Frontend Team Representative
- Tech stack: VueJS, NestJS, PostgreSQL, Flutter, ReactJS (admin)

What I did :
- Building the entire website interface with Vuejs and Tailwind, following the design on Adobe XD
- Integrating API and developing features of Authentication, login in with Social Media, real –time push notice, User and Admin management pages and admin pages
- Participate in daily reports with other teams to grasp the project situation and handle issues
- Fix errors after being tested by the tester

ECOMMERCE – CASIO WATCH SHOP

Link Demo
Source code

Overview:
- E –commerce page of a watch shop specializing in Casio
- Member: 1
- Time: 8 weeks
- Role: Fullstack
- Tech stack: React, Redux, NodeJS, Express, Mongodb, Clondinary, TailwindCSS

What I did :
- Create interface design on Figma, building a website interface with Reactjs and TailwindCSS, implemented Redux for state management, integrated PayPal for payment processing
- Designed and developed RESTful APIs using Node.js and Express.js
- Managed MongoDB database with Mongoose, including user authentication and product management, implemented authentication using JWT
- Deployed the website using Vercel (frontend) and Render (backend)

CHAT APP – CLONE MESSENGER

Link Demo
Source code

Overview:
- Developed a real–time chat application using the MERN stack with WebSocket for instant messaging
- Member: 1
- Time: 3 weeks
- Role: Fullstack
- Tech stack: React, Zustand, Socket.io, NodeJS, Express, Mongodb, TailwindCSS

What I did :
- Built an intuitive and responsive UI with ReactJS, TailwindCSS, implemented real–time messaging using Socket.io and used Zustand for state management
- Developed a RESTful API using Node.js and Express.js, implemented JWT authentication and user authorization
- Designed a MongoDB schema for user management, chat history, and online status
- Deployed the website using Render (Fullstack)

CERTIFICATES
- React Developer Certificate – VTI Academy
- React Certificate – HackerRank
- HTML and CSS Certificate – F8
- C++ and OPP Certificate – F8
